PROJECT EXPERIENCE

SHOHOJ CHAT

[HTTPS://GITHUB.COM/RABBY3075/SHOHOJCHAT](https://github.com/Rabby3075/SHOHOJCHAT)

This is one of the big project in android application development. Here I used the Android Studio platform. For backend development, I used the JAVA programming language and for design I used XML. In this project, we can share text, audio, video, image with others. We also post something with a caption publicly.

COVID-19

[HTTPS://GITHUB.COM/RABBY3075/CORONA_ANDROID_APP](https://github.com/Rabby3075/CORONA_ANDROID_APP)

It is my first project in android app development. It is an informative app where people will know about covid. Also, people can see the daily global infected rate in this app.
